

Technical drawing of a room layout. A red wavy line is drawn along the left wall, with a green dimension line indicating a width of 160. The room contains several rectangular tables and chairs. A scale bar is visible at the bottom left.

A diagram of a room layout. On the left is a wall with a red hexagonal pattern. To its right is a black door. Further right is a green wall with a vertical line and the number '400' written vertically. To the left of the green wall is a white wall with a vertical line.

Technical drawing of a wall cross-section. The drawing shows a wall structure with a top layer of insulation (hatched with diagonal lines), a middle layer of insulation (hatched with horizontal lines), and a bottom layer of insulation (hatched with diagonal lines). The wall is labeled "NOPOVÁ DELTA FOLIE" (Waterproofing Delta Membrane). A vertical dimension line on the right indicates a height of 225. The wall is shown with various construction details, including a window frame and a door frame.
